NO SHOOTING WAR BY U. S. OVER SUEZ CANAL: DULLES

Begin Lawsuit Filed by Widow of Accident Victim

A lawsuit in which the widow of a man killed in a motor vehicle crash in 1952 is seeking damages was begun today in circuit court and a jury was in the process of selection this morning.

Mart Watson and from Wilburn and Bernard Farris as a result of the collision of Watson's car with another vehicle on Route 142 four miles south of Eldorado Oct. 27, 1952. Pickett was a passenger in Watson's car.

The Farris are charged in the complaint with being in a car which speeded up when Watson started to go around, a crash with an oncoming auto resulting.

Judge C. Ross Reynolds is presiding. Mrs. Pickett is represented by the Salem law firm, Miller and Pfaff, and by Atty. Searial Thompson. Watson is represented by Atty. A. L. Fowler of Marion and the Farris by Atty. DeWitt Twente and Atty. Charles Jelliffe.

Sturgis Back to Normal
Only two white pupils arrived Wednesday after the Negroes were admitted and they left.

At Sturgis, a former scene of racial riots 11 miles away, things returned to normal.

Eight Negroes attended classes at the newly integrated high school without incident Wednesday after the soldiers had pulled out. This was their first day without bayonet armed escorts.

The once-troubled town of Clinton, Tenn., also settled down to normal school routine with a dozen Negroes attending classes along with nearly 700 white students.

All but about 60 of the hundreds of white students who had at first boycotted the Clinton school had re-enrolled and attendance officers were investigating the remaining absentees.

The school board at Mobile, Ala., got the surprise problem of a socially prominent white woman's request to enroll her Negro "foster child" in a white school.

Mrs. Dorothy D. Da Ponte, a wealthy, middle-aged widow, said 12-year-old Carrie Mae McCant has been educated with whites in European schools and is qualified in every respect for "integration."

The school board, authorized by new Alabama laws to assign Negroes to Negro schools for sociological and psychological reasons, turned the application over to an attorney.

Teh pupil assignment law enacted in 1956 had been considered an effective way to sidestep court-ordered integration because assignments, on their face, would not be made on purely racial grounds.

Reports today indicate that Carl Stuby, injured in an automobile accident Aug. 31, is intermittently unconscious and remains in a critical condition. Mr. Stuby is in the Marion Memorial hospital where he was taken after the accident.

Diplomat, Fired in 1951, Asks Supreme Court for Reinstatement

WASHINGTON (AP)—A veteran diplomat who was fired in 1951 as a security risk has asked the Supreme Court for reinstatement with back pay.

Diplomat John Stewart Service, 46, lost his fight in lower courts. Investigations of his loyalty stemmed originally from charges of pro-communism by Sen. Joseph R. McCarthy (R-Wis.).

Former Secretary of State Dean Acheson discharged Service from his \$11,800-a-year post after an adverse finding by the Civil Service Commission; now-defunct loyalty review board. Service had been cleared twice by the State Department's own loyalty board.

Last June, the U. S. Court of Appeals here ordered the record cleared of findings that there was

"reasonable doubt" as to Service's loyalty. But the court said he could be fired "without notice of charges, hearing or appeal."

Appealing to the Supreme Court Wednesday, Service argued that since the review board's findings against him were "lawless," Acheson relied solely upon illegal findings in ordering the discharge.

In 1945, Service figured in the famous Amerasia magazine espionage case. As a Far East foreign affairs expert, he had loaned some of his reports to Philip Jaffe, Amerasia editor shortly before Jaffe's arrest on charges of conspiracy to violate the espionage act. A federal grand jury refused to indict Service, a veteran of 16 years in the foreign service, mostly in China.

Sec'y Appeals To Egypt to Accept New Plan

Outlines American Position with Prepared Statement

WASHINGTON (AP)—Secretary of State John Foster Dulles said today the United States does not intend to shoot its way through the Suez Canal or enter any shooting war if Egypt tries to block the canal. If necessary he said U. S. ships will by-pass Suez and go around Africa.

At the same time Dulles appealed to Egypt to accept the new Western-sponsored "users association" to assure freedom of navigation in the canal. Dulles called the plan a basis for "a just, yet peaceful settlement" of the Suez crisis.

Dulles said there is no intention on the part of the West to impose a Suez settlement on Egypt. He said it is fantastic that anyone might think this the case. Indian Prime Minister Jawaharlal Nehru earlier today criticized the "users association" plan as an "imposed solution" fraught with "grave consequences."

Dulles outlined the U. S. position at a news conference packed by about 175 reporters. He read a 700 word prepared statement and then answered questions.

President Eisenhower approved Dulles' statement in advance during a telephone conference from his Gettysburg, Pa., farm this morning.

Will Take Long Way
Mr. Eisenhower will fly back here Friday to confer with Australian Prime Minister Robert Menzies who headed a five-nation committee which tried vainly to sell Dulles' internationalization plan to Egypt.

Dulles told reporters, in response to questions, that the United States does not intend to try to shoot its way through the Suez Canal.

He said if Egypt blocks the canal by force the United States does not intend to go into any shooting war.

He said American ships in that event would take the long way around the Cape of Good Hope at the southern tip of Africa instead of going through the Suez short cut.

He said this diversion would be more expensive, of course, but that the United States believes it would not be catastrophic.

He said it already has been decided to take some U. S. tankers out of the mothball reserve fleet to divert oil and other traffic around the continent of Africa if anything should happen to deny passage of the canal.

Will Join Association
Dulles said this country will join the proposed "users association" even if Britain and France are its only partners. He hoped it will be moving well toward organization next week.

Dulles said that the United States has reason to be confident that at least some other nations besides the United States, Britain and France will join the new association.

However, he indicated these other nations may be few. He pointed out that only five countries—Britain, the United States, France, Italy and Norway—control 75 per cent of the shipping using the Suez Canal.

Eisenhower Calls for Record GOP Registration to Combat Party Apathy

About Town

And Country

By TIMOTHEUS T.

HARDEST WORKING people in town the past three weeks have been the Harrisburg Bull Dogs out at Taylor Field. Burdened down with grid equipment, the boys have spent hours working out in hot weather, running, blocking, bumping, kicking, and tackling. And learning plays.

This week-end the football public will get its chance to see Coach Lawrence Caluffetti's 1956 Bull Dogs in inter-city competition when Murphysboro comes to town for a game at Taylor Field Friday at 7:30 p. m.

The Harrisburg-Murphysboro rivalry has extended down through the years and is one of the keenest and cleanest in southern Illinois. Except for a couple of occasions, the scores have been extremely close. One of these close-score games is expected tomorrow night.

There's a lot of lack of experience but also a lot of eagerness on the local team.

I WENT OUT yesterday to see how the South Main-Robinson paving project was getting along.

I also saw C. C. Moore's morning glories. Mr. Moore, who lives at 129 West Park street, has an unusual formation of Heavenly Blue morning glories.

These vines started out five or six feet from the house and grew up through wire. Then they jumped over to some vegetation and then from there made a leap and grabbed hold of the house. From there they have spread to an interesting formation of vines and flowers.

Out on the project I learned that the Mitchell Construction Co. of Herrin lacks about a block of curbing on one side of Robinson near Granger to have this phase of the work completed.

I didn't know it, but the project includes pouring sidewalk adjacent to curbing on Robinson and there still remains about two blocks of this work on both sides of the street.

Workmen now are removing dirt on South Main and will continue until enough is taken out the entire length.

The area then will be covered over with rock and will be black-topped around the middle of October.

I READ in the Eldorado Journal that over at Eldorado high school they have a daughter who is a sophomore in ETHS and her mother is a freshman.

Mrs. Glen Morris has enrolled as a freshman at ETHS, where her daughter, Kelia, is a sophomore.

Mrs. Morris said she did not have the privilege of attending high school when she was younger but now plans to continue her education.

Stresses 'Get Out the Vote' to Rally of Leaders

GETTYSBURG, Pa. (AP)—President Eisenhower put the spurs to his own party today to combat admitted GOP "apathy" in the 1956 campaign.

From the President on down through the ranks of Republican state leaders, the cry from Gettysburg was, "get 'em registered, then get 'em to vote Republican."

The President personally sounded a call for an end to GOP complacency in a speech opening his re-election campaign at a picnic rally on his own farm here.

Republican professionals from every state crowded a big tent on Mr. Eisenhower's east pasture to listen to an afternoon of party pep talks and picnic with Mr. and Mrs. Eisenhower on fried chicken, roast beef, ham and potato salad.

Mr. Eisenhower's central theme was "Get out the vote."

Wants Everyone Registered
Calling for a record registration, he said "it would be tragic" if the Republicans whip up the public's zeal by election day only to find that "half of the people couldn't vote."

The President also advised the more than 700 GOP leaders that "with all the other ammunition you have you can get to the voters with a grin on your face."

"Don't underestimate the value of a grin," said the owner of the famous Eisenhower smile. "Pessimism never won a battle."

Earlier Vice President Richard M. Nixon and GOP National Chairman Leonard Hall hit hard again and again at Democratic standard bearers Adlai Stevenson and Estes Kefauver. They also took some swings at former President Truman.

Charges "Political Fakery"
Nixon accused Stevenson of "political fakery and irresponsibility" for asserting that the United States is losing the cold war and for advocating repeal of the draft as possible.

Hall said Stevenson has been posing for "foolish pictures" and making "silly statements."

"I feel confident the people of the United States will see through the sham and hypocrisy of the Democrat song-and-dance team of Adlai, Kefauver and Harry," he said.

The President got one of his biggest hands at the very opening of

his 25-minute speech.

"I want, first of all, to answer a question I have been asked every day for just about a year," he said.

Cheers Rock Tent
The audience looked a bit puzzled. Then it broke into wild, thumping cheers when the President added: "Ladies and gentlemen, I feel fine."

But the enthusiasm subsided somewhat when the President, who suffered a heart attack last Sept. 24, and underwent major surgery last June 9 for ileitis, said referring to Nixon:

"There is no man in the history of America who has had such a careful preparation as has Vice President Nixon for carrying out the duties of the presidency, if that duty should ever fall upon him."

Golconda Grants Ferry Permit

GOLCONDA, Ill. (Special)—Bob Frazier of Salem, Ky., was granted a landing permit on the Golconda riverfront by the City Council and Mayor A. W. Moore for the operation of a ferry across the Ohio river.

The ferry, a six-car steel barge driven by a tugboat carrying a 100 horsepower engine, will make a direct connection to Salem on the Kentucky side some 15 miles from the river, and will afford a short transportation link between here and the site of the Barkley Dam.

With construction beginning in the near future on the dam, the resumed ferry service will cut many miles from driving distance to the dam location.

Operation of the ferry is expected to begin in the last week of November.

Billy Lauderdale Injured by Auto

Billy Lauderdale, 12-year-old youth residing at 409 East Locust street, was injured about 4:30 p. m. yesterday when hit by a car at the East Poplar and Skaggs street intersection, a city police accident report showed today. He was taken to Harrisburg hospital.

The lad, son of Mr. and Mrs. Harry Lauderdale, was knocked about 25 feet, the report stated.

The car was driven by Charles L. Ross, 35, of Robertson, Mo. Witnesses said that the boy ran onto Poplar into the path of the Ross car, the report added.

Hodge a Clothing Clerk at Menard

CHESTER, Ill. (AP)—Former State Auditor Orville E. Hodge was working today as a clothing clerk in the supply room of Menard Penitentiary.

Hodge, imprisoned for his million dollar embezzlement of state funds, was assigned his first job as a prison inmate Wednesday. Warden Ross V. Randolph said, however, that the assignment for the former political playboy was not necessarily permanent.

Hodge did not apply for the job, Randolph said, but it had been open for some time and "Hodge had been wanting a job very bad-

ly."

The one-time politician was released from the prison hospital Tuesday where he received treatment for ulcers.

If he had been assigned his new job a day earlier, Hodge might have been able to issue prison clothing to his former office manager, Edward A. Epping, who began serving a four to five year term for his part in the fraudulent check scandal. Epping was assigned to the prison's diagnostic center for tests to determine what job he eventually will handle behind the prison walls.

Ray Dunning, 4, Dies of Polio

Ray Dunning, four year old son of Mr. and Mrs. Henry Dunning of Carrier Mills RFD 2, died at 5 p. m. yesterday in St. Luke's hospital in St. Louis, Mo.

The boy was taken seriously ill Tuesday and was rushed to the Harrisburg hospital where his case was diagnosed as polio. He was then taken by Gibbons ambulance to the hospital in St. Louis.

The body is being returned to Harrisburg to the Gibbons funeral home and further details will be announced tomorrow.

Stratton Accepts Fund Explanation by Fleck

CHICAGO (AP)—Cook County Public Administrator Charles J. Fleck apparently satisfied Gov. William G. Stratton today with an explanation that an \$11,000 political fund he collected was "for the entire Republican ticket" and not solely in Stratton's re-election campaign.

William W. Downey, the governor's administrative assistant, said in Springfield that Stratton had "accepted Fleck's explanation."

Fleck's statement came on the heels of a report that the governor had threatened to fire him from his lucrative fee office if it transpired that he was collecting the fund secretly on Stratton's behalf rather than for the entire state GOP.

The public administrator said the contributions he admitted collecting "from persons whom I regarded as friends" were "to be used for the purpose of purchasing advertising for the entire Republican ticket."

Fleck made a 90-minute appearance Wednesday before a county grand jury investigating contributions by banks to political campaigns.

Meanwhile, an attorney for Andrew J. Kolar, sought by the state's attorney's office as a key witness in the investigation, said his client is ready for questioning any time investigators want to see him.

The lawyer, Maurice J. Walsh, said Kolar, chief clerk under Cook County Treasurer Herbert C. Paschen, is resting at his home in Lake Geneva, Wis., and is suffering from a heart ailment. Walsh said investigators could communicate with Kolar through him at any time but that "I haven't heard a word from the state's attorney's office."

"Mr. Kolar is 75 and a sick man," Walsh said. "I'm sure he can't run very fast. If they want him they can certainly find him."

Fleck told newsmen Wednesday he detailed to the grand jury all the transactions involved in his collections.

Fleck said everything he has done "is legitimate" and added that such collections "are a part of political life."

"I defy anyone in political life," Fleck said, "to do other than I have done."

Fleck said he kept the collections in a little steel box at his north side home.

He was summoned before the jury to explain an alleged contribution of \$4,600 made by Leon Marcus, former chairman of the Southmoor Bank and Trust Co. Fleck said he had offered to return the money to Marcus after the bank became involved in the scandal of convicted State Auditor Orville E. Hodge.

Auto Safety
Post-Mortems

Editorial — BY BRUCE BLOSSAT

After every big U. S. holiday weekend, the debate rages anew over what to do about the highway death toll. Some of the lines of attack are obvious, and progress is being made. The roads themselves must be engineered for greater safety, with plenty of space, ample sight-distances, the fewest possible number of friction points like intersections and side roads.

More safety has to be built into the cars we drive, and 1955 brought the first notable advances in this field. Current congressional investigations have tended to focus fresh attention on this need.

Stiffer enforcement of traffic laws is continuously urged, and now the cry is heard more strongly than ever. The argument made here is that, in the end, the human factor is the key in automobile accidents.

Many highway experts would agree, and they call for better and broader driver training as well as tight enforcement.

But there is still another aspect to the human equation in highway traffic which seldom is spoken of. It involves the real fitness—physical, emotional and mental—of many people to drive cars at all.

The average road test given prospective drivers in most states checks only the crude abilities of the motorist—his execution of simple hand signals, turning, stopping, starting, parking, and moving along at usually slow speed in traffic which may vary from light to heavy.

But the road conditions a driver may encounter over a year's time actually put him to far sterner test, and no one, not even he, may be sure until he is tried whether he can meet these situations or not.

The blunt fact is that handling a modern motor car properly calls for some degree of strength, a high degree of alertness, and eye-hand-foot coordination which must be developed to the level of a genuine skill.

Now it is just not in the nature of things that every man or woman or youngster who plants himself behind a wheel will have these vital attributes in the requisite amount. By the same token, every person who picks up a golf club or tennis racket or power tool will not necessarily be equipped to handle it skillfully.

On top of this is the whole question of an individual's emotional stability, his physical reactions in a crisis, and so on. For his possession of the proper skills and basic physical attributes will avail him little if they tend to desert him in case of trouble.

In the hands of the unfit, the powerful car of 1956 is potentially a weapon of death, as traffic statistics plainly show. The opinion of some specialists is that the measure of real driving fitness today is far too lax for the road conditions which exist.

JACK ANDERSON Says:
Air Units Readied For Middle East; JCS Draws Up Battle Plans.

WASHINGTON. — Uncle Sam is quietly strengthening his military muscle in the Middle East—in case Secretary of State Dulles' peace efforts should collapse. . . . The Air Force is readying tactical squadrons from the Ninth Air Force (Shaw Field, S. C.) to send to the Middle East. . . . Official story will be that the movement was planned six months ago and has nothing to do with the present crisis.

The Navy has already beefed up its Sixth Fleet, now has two attack carriers, one cruiser division, three destroyer squadrons, and several support ships in the Mediterranean. . . . Army units have also been tipped off that they may be shipped to the Suez in case of war. . . . Battle plans have been prepared by the Joint Chiefs of Staff for any emergency. . . . Suez pilots, who guide ships through the canal, are preparing to walk out Saturday. This would stop canal traffic, cut off valuable revenue to Egypt. . . . Communist countries have offered to send river pilots to keep the canal open. It is such a tricky waterway, however, that it would take months to train them.

As a possible long-range solution, the West may build a parallel canal through Israel from the Mediterranean to the Gulf of Aqaba. . . . Engineers believe it can be completed in two to three years. . . . Dictator Nasser isn't entirely the strongman he seems to be. He hasn't been dictator long enough to consolidate his hold on the country. . . . Nasser is having trouble with the WAFD, the followers of deposed King Farouk who formerly were in power; also the Moslem Brotherhood, the right-wing fanatics who would like to gain power. . . . Even the starry-eyed university professors and students, who rabidly supported Nasser in the beginning, are becoming disillusioned. They have a feeling he has overpromised. . . . Nasser's most serious problem is economic. . . . He has mortgaged Egypt's future cotton crops for Red arms. This has left the country with no uncommitted resources for years to come.

NO BLARNEY

This column has investigated a report that a Senate-House delega-

tion will take off for Ireland Sunday to kiss the Blarney Stone. The report turned out to be frivolous.

Six senators and six congressmen are flying to the Emerald Isle to help dedicate a statue of Commodore John Barry, one of America's great sea heroes. In fact, Irish-Americans claim he, not John Paul Jones, was the father of the U. S. Navy.

Meanwhile, a private "non-aggression" pact has been reached by the six Irish-American House members—three Democrats and three Republicans—who are going. They are: John Rooney (D., N. Y.), Ray Madden (D., Ind.), Tom O'Neill (D., Mass.), Bernard Kearney (R., N. Y.), Tim Sheehan (R., Ill.), and James Devereux (R., Md.). The latter, despite his French-sounding name, stoutly insists his forebears were Irish.

Republican Kearney and Democrat Madden have solemnly pledged no "partisan quarreling" during the trip.

COURT CANDIDATE

WASHINGTON WHIRL — President Eisenhower is mulling over a list of names to fill the Supreme Court vacancy. Most surprising name on the list: Ex-Secretary of Defense Louis Johnson, a Democrat. . . . Sparks are flying between Army Secretary Wilber Brucker and his chief of staff, Gen. Maxwell Taylor. Each thinks the other has been encroaching too much on his authority. . . .

Despite denials, President Eisenhower formally accepted an invitation to address the Carpenters' convention next month. It was Carpenters' Boss Maurice Hutcheson who withdrew the invitation. Reason: He was sore over Vice President Nixon's renomination. . . . The Justice Department is trying to hold up indictments in the Chicago tax scandal until after the election. Too many high Washington officials are involved.

Ex-Maritime Planning Chief James Mooney, who participated in recommendations that benefited ESSO Shipping company to the tune of \$1,500,000, has gone to work for an Esso subsidiary. . . . Maritime Administrator Clarence Morse has assured this column, however, that Mooney did not have the final say-so and that the recommendations were approved by everyone concerned, including Congress and the comptroller general. . . .

Democrats intended to duck the Red China issue at Chicago, then hastily agreed upon a platform plank opposing UN membership for the Chinese Communists. What helped change their minds was a devastating pamphlet, "Invasion Aler t," by Ex-Ambassador to Japan Joseph Grew. An expose of China's drive on the UN. The pamphlet was quietly circulated around the Democratic convention.

Peaks and Lows Both Conducive to Accidents

PHILADELPHIA — (AP) — Although most industrial accidents occur during a low moral state there is danger during high emotional swings as well, according to a study of some 800 accidents.

The study was made by Dr. Rexford Hersey of the University of Pennsylvania, and the results are published in his book "Zest for Work."

Emotional lows covered less than 20 per cent of the average worker's 35-day emotional cycle, but almost 60 per cent of the acci-

dents occurred during these low periods, the study revealed.

An additional 20 per cent were reported during high cyclical swings, Hersey said. He blamed the incidence of accidents during these periods to over-confidence and the desire to speed up production to an extent that is incompatible with the observance of ordinary safety precautions.

Hersey urged that more attention be paid to emotions in day-to-day living. The better adjusted individual is to his work and his home, the less likely industrial accidents are apt to occur, he concluded.

The Bureau of Public Roads estimates that one worker in seven in the United States has worked directly connected with highways and motor transportation.

Calufetti Announces Probable Starting Lineup for Opening Tilt

The Harrisburg Bull Dogs today went through their final drills in preparation for their opening game against Murphysboro at Taylor Field Friday night. Game time is 7:30 p. m.

Coach Lawrence Calufetti has a squad of 28 varsity players, which includes six sophomores and 15 juniors. Of the juniors, only Don Biggs, 156-pound halfback, has had varsity experience.

One first string player, Bennie Fulkerson, six foot, 157-pound senior end, probably will not start because of a knee injury which has kept him out of practice this week. And one varsity squad member, Mickey Stone 147-pound junior halfback, will not play because he has been ill for a number of days.

Probable Lineup

Calufetti said he probably will start the following lineup:

Ends: Bill Henshaw, 172 pound senior, and Bill Yates, 159-pound junior.

Tackles: Ray Hassett, 173-pound junior, and Ronnie Vick, 190-pound senior.

Guards: Lou Williams, 175-pound senior, and Gary Aldridge, 154-pound junior.

Center: Allen Buchanan, 201-pound junior.

Quarterback: Jim Cummins, 136-pound senior.

Halfbacks: Don Biggs and Trevor Whiteside, 146-pound senior.

Fullback: John Ziegler, 164-pound senior.

Henshaw has been doing the punting and kicking-off and Vick has been kicking for extra points.

Others on Squad

Other boys on the squad, most of whom will see action, are: Bob Clark, 142-pound junior quarterback; Bill Endsley, 155-pound junior guard; Dale Martin, 217-pound junior tackle; Eddie Price, 169-pound junior fullback; Bill Roberts, 154-pound junior guard; Jack Simpson, 194-pound junior center; Jim Stallings, 155-pound junior end; Henry Winters, 159-pound junior guard; Ira Logan, 170-pound junior end; and the following sophomores:

Darrell Biggs, 167-pound guard; David Dalton, 127-pound halfback; Wendell Fisher, 170-pound guard; Lowell Furlong, 161-pound fullback; Ronnie Maynard, 197-pound tackle; and Don Pickford, 165-pound tackle.

The Murphysboro team, a non-conference opponent, is coached by Bob Colborn, who has been grid mentor at West Frankfort the past few years. The Red Devils will operate from the split-T formation.

Five Murphy Lettermen

Colborn has five lettermen, compared with Harrisburg's seven, and some other good boys.

Murphy, which had an 8-1-1 mark last year (its only loss being to Harrisburg), has the following back from last year's award winners:

WEBQ to Broadcast All HTHS Varsity, Frosh-Soph Games

The WEBQ sport-casting team of Ken Hamilton and Elmer Gladson again will broadcast all Harrisburg varsity and freshman-sophomore football games. This will be the ninth year Hamilton and Gladson have worked the games together.

There will be a varsity game each Friday night starting with Murphysboro here Sept. 14 and ending with West Frankfort there Nov. 2. The final tilt will be a Saturday night affair against Benton here.

The Bull Pup games will start with Murphysboro there at 7:30 p. m. Monday, Sept. 17. The rest of the schedule: Sept. 24 Marion here, Oct. 1 Eldorado there, Oct. 8 Mt. Vernon here, Oct. 15 Centralia there, Oct. 22 Herrin here, Nov. 5, West Frankfort here and Nov. 12 Benton there.

ners: Bill Mohlebrock at end, Cooper Bowers at center, Oliver Hooper and Mickey Turk at halfbacks and Bob Maloney at fullback.

Unexpected strength has come this year from Ron Casleton at end, Don Gilmore, Larry Wisely and Gary Pelley at tackles, Ronnie Cox at guard, Jack Carlock at center and Kenny Underwood and Joe Grissom at halfbacks.

The Murphy line will average 175-pounds, with several boys around the 6-2 mark.

He Was Enjoying Listening to Game Until Told Who Won

A dirty trick, that's what it was.

Wednesday afternoon Connie VanderPluym was listening to a broadcast of the Milwaukee-Brooklyn National League baseball game. The game was being carried over a midwest network and was being broadcast from a teletype report coming into the radio station in Chicago. But the broadcaster was doing a bangup job-taking the straight play-by-play as carried on the wire and dressing it up to give his listening audience a good game. This extra put him about an inning behind the actual play. But who cared. It was a good game and a broadcast well done.

About the seventh inning Connie saw neighbor Richard Small and called out, "Come on over and listen to the game. It's a dandy."

But Richard had just left The Register office and noticed a bulletin on the wire saying the Milwaukee Braves had won. So he wanted to be friendly and said to Connie, "The game's over. Milwaukee won."

Said Connie "Now you've spoiled everything. I won't be able to enjoy these next couple of innings."

Yep, Richard tried to be friendly. But telling Connie who won was just a dirty trick, that's what it was.

HTHS Abandons Plan To Sell Reserved Seats for Grid Games

Due to insufficient demand, the plan to reserve 300 stadium seats for home football games has been abandoned, HTHS Principal Eltis F. Henson announced today.

Instead, seats will be sold on a non-reserved, single game basis with prices of 75 cents for adults and 35 cents for students.

Tickets may be secured at the high school or Athletic House in advance or at the gate before game time.

Dorrisville Wins 7-3 Tilt from Raleigh

Dorrisville rallied for five runs in the seventh inning to cop a 7-3 decision from Raleigh in a Midget conference softball game Wednesday. The game was played at Dorrisville.

Going into the final frame Raleigh led, 3-2, but Dorrisville, batting in the first half of the inning, pounded out five runs for the victory.

Donald Hutchinson of Dorrisville had the game's longest hit, a homer.

Both teams play in the softball tournament to be played at the VFW Memorial park next week and the following week conference play will be resumed.

Fall Livestock Outlook Meeting At Shawneetown

Returns to livestock producers will be higher in the year ahead than they have been in the past 12 months, according to many farm economists who have studied the livestock situation.

The economists point out that both beef cattle and hogs seem to be going into a downturn in the cycle that characterizes livestock production trends over the years. This means that supplies are likely either to level out or to decline. The result should be increased returns to producers.

Farm Adviser Earl M. Lutz of Gallatin county, says these factors will be discussed at the fall livestock outlook meeting to be held Wednesday night, Sept. 19, at the court house in Shawneetown. The meeting will begin at 7:30.

Speaker will be George Whitman of the University of Illinois College of Agriculture, who will cover the long-range trends, as well as specific factors that will affect the livestock business in the year ahead. These factors include supplies and prices for cattle and hogs, the feed situation and consumer demand for meat.

A representative of a livestock marketing agency will discuss current livestock prices and trends.

Senate Group Asks Financial Reports of Political Committees

WASHINGTON (AP) — The Senate election subcommittee today decided to call on all major political campaign committees for up-to-date financial reports as of Oct. 1.

The political committees will be asked to include the names of all contributors, small and large, and the amounts they gave during September.

The three-man subcommittee earlier this week started a far-reaching investigation into election campaign contributions and spending by getting the financial standing of the various major committees as of Sept. 1. The committee representatives were required to list individual contributions by name in their first accountings given in testimony during the two days of initial hearings which ended Tuesday.

The next hearings will start Oct. 8.

Rockford is Named Seventh Vital Target Area by Civil Defense

CHICAGO (AP) — The city of Rockford today was named the seventh vital target area within Illinois by the Federal Civil Defense Administration.

Gen. Robert M. Woodward, state Civil Defense director, said the designation was made because of Rockford's 40,000 manufacturing employees.

Woodward said the other "vital target areas" in Illinois are Chicago, East St. Louis, Rock Island, Peoria, Decatur, and Springfield.

Minor modifications in Rockford's CD structure will be necessary, Woodward said.

AFL-CIO Endorses Democratic Ticket

CHICAGO (AP) — The General Board of the AFL-CIO today endorsed the Democratic ticket of Adlai Stevenson and Sen. Estes Kefauver.

The board, representing all AFL-CIO affiliates, acted on the recommendation of the AFL-CIO Executive Council at its meeting last Aug. 28.

The vote was overwhelmingly in favor of endorsing the Democratic candidates. Only a few scattered "no's" were voiced by representatives of the Carpenters Union.

Maine a 'Bad Word'

GETTYSBURG, Pa. (AP) — President Eisenhower told the big GOP rally at his farm Wednesday how thousands of Republicans from coast to coast are engaged in the battle for votes. He spoke of workers from "Los Angeles to Maine." At the mention of Maine, where Democrats scored a sweeping victory Tuesday, he stopped and with a wide grin said, "that's a bad word."

Elephant Exhibit

First elephant exhibited in America was brought from Bengal in 1796 by Captain Townshend, master of the America out of Salem. Shown to the public in a rented hall in New York City, many believed it to be a fake.

Public Entitled to Facts on Overseas Trips: Eisenhower

WASHINGTON (AP) — President Eisenhower said Tuesday the public is entitled to the facts on how much members of Congress spend on overseas trips.

A reporter told him the State and Defense Departments refused to provide the information on expenses. Most overseas trips by members of Congress are handled through the State and Defense Departments.

The President said he personally believes that reporters should have access to the information. But he noted that under a system approved by the congressional appropriations committees money for overseas trips is issued directly to the committee chairmen involved and the sole accounting is made back to these chairmen.

Saline County Voters to Decide Nov. 6 if TB Tax to Be Continued

The Tuberculosis Tax Law which will be voted on Nov. 6 provides free care and treatment for any Saline county resident suffering from tuberculosis. The voters will decide if this law is to be continued here.

The tax law is an act, which when passed in any county in Illinois, permits the county's board of supervisors to levy a tax not to exceed $\frac{3}{4}$ of a mill on each dollar of the assessed valuation of the property. This amounts to 7 1-2 cents on each \$100 assessed property valuation.

The money goes into the county treasury. A board of three persons, one of whom must be a physician, is appointed by the Board of Supervisors. Members of the Sanatorium Board serve without pay.

This law is not a poor tax, since any resident of Saline county who has tuberculosis is eligible for care if this law is continued.

Since the law has been in existence in Saline county for the last ten years it will not affect the present taxes. Residents are voting

Carpentier's Office Reports Sale of 250-300 Signs to Boost Candidacy

SPRINGFIELD (AP) — The secretary of state's office today reported between 250 and 300 "re-elect Carpentier" signs have been sold to boost the candidacy of Secretary of State Charles F. Carpentier.

A spokesman for Carpentier said the sign sales are "completely voluntary," and were first made available to Carpentier boosters last June. The signs are purchased directly from the manufacturer on order blanks provided by Carpentier's office.

The spokesman said the manufacturer's price is \$20, which is the total cost of the signs to the purchaser. Designed to be attached to the rear bumper of an automobile, they read "Keep highway safety first, re-elect Charles F. Carpentier, secretary of state."

Purchasers were warned to mount the signs in such a way as to avoid blocking a clear view of the auto license plates, the spokesman said.

Congress provided an unprecedented half billion dollars to meet relief needs arising out of the catastrophic drought of 1934.

for the continuation of the law, and not for a new tax law. The law was first passed in this county in 1938.

In the past ten years a total of 257 county residents have been given sanatorium care with this law. This does not include several patients who go for outpatient checkup. At the present time there are 10 people from this county receiving care and treatment in Mt. Vernon State Tuberculosis Sanatorium.

Without this law these people would not have been able to receive hospitalization. Ninety-six per cent of all TB patients cannot afford to pay for their own treatment; they must rely upon this law.

Sanatorium care is necessary for tuberculosis patients for the following reasons: (1) it isolates the carriers of the disease, thus preventing the development of new cases; (2) it gives the patient his best chance of recovery; (3) it teaches the patient to protect himself and others.

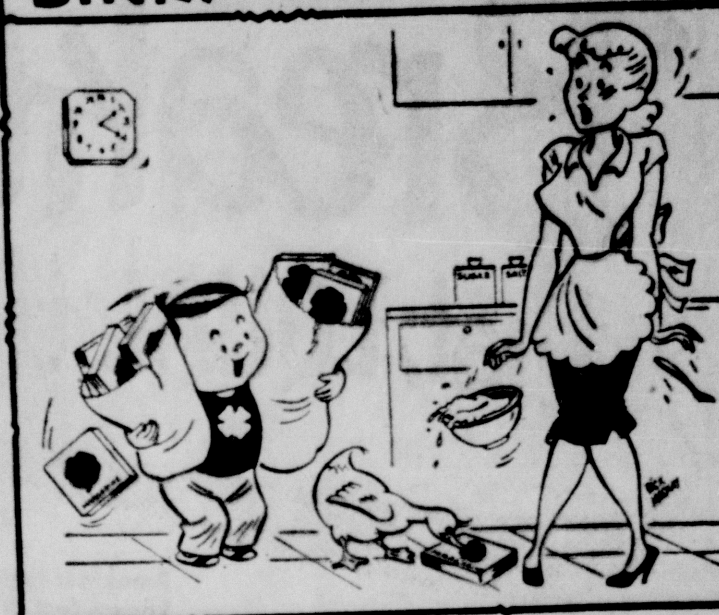

Shall Saline county continue providing care and treatment for its residents who have tuberculosis? The voters will decide.

THE ABOVE PHOTO of Mrs. Mary Rice, Carrier Mills, was taken from a large portrait shown all week at the recent national convention in Chicago by the Anco Company, which arranged with J. R. Metcalf, local photographer, to furnish them a portrait for their exhibit. This is the second time Anco has had Mr. Metcalf make them a display portrait—the other one was the picture the firm has used consistently for the past year of William Farley of Harrisburg. Portraits in oils of both pictures are on display at the Metcalf Studio.

ASSESSMENT LIST

Herewith is a list of personal property assessments as made by the township assessor of Harrisburg township outside the City of Harrisburg and returned to MAYNARD CANNON, County Treasurer and Supervisor of Assessments of Saline County, Illinois.

The assessed values shown are subject to revision by the Saline County Board of Review and to equalization by the State Department of Revenue. Under Provisions of Section 146 of the Illinois Revenue Act of 1939 as amended in 1945, the Department of Revenue is required to determine the percentage relationship within each county of assessed value and the estimated full, fair, cash value. Upon the basis of such data, the Department is required to raise or lower the total locally assessed values so that all such property will be assessed at its full, fair, cash value.

These equalized values then become the base for tax extension for the 1956 taxes, payable in 1957, and indicate the full, fair cash value of the properties assessed, based on the assessed values as made by the local assessment officials.

This publication, which is made in accordance with section 103 of the Revenue Act, serves as public notice to the taxpayers of the County of assessed values fixed upon their property by the township assessors.

Du Quoin Citizens
To Petition for Return
Of Aldermanic Gov't
DU QUOIN, Ill. (AP) — A number of citizens here want to vote on a return to the aldermanic form of city government. The city adopted the commission form about eight years ago.
Dixie Pfanz, a political science student at Southern Illinois University in Carbondale, said he hopes to have enough signers for the petitions to file them Monday.

Illinois Prep Teams Kick Off Football Season Friday Night

By United Press
Illinois prep footballers kick off the 1956 season Friday night with most teams playing non-conference tuneups.

The state's longest unbeaten streak will be on the line in a top game at Beaumont high school at St. Louis, Mo., where the East St. Louis Flyers will be trying to run their undefeated string to 43 games.

The only tie in the Flyers' record was handed them last season by University High of St. Louis.

In their second year under Coach Fred Cameron, the Flyers will be out this year to surpass the all-time unbeaten record of 45 games now held by Fenger High of Chicago.

In the tough Big 12 Conference where Champaign, Peoria Central and Decatur shared the title last year, Champaign takes on Springfield Feitshans at Champaign. Peoria Central and Decatur open away from home, the Lions at Rock Island and the Reds at Mooseheart.

Other non-conference tilts involving Big 12 clubs send Bloomington against Normal, Streator against Kankakee, Pekin's Chinks against Galesburg, Urbana against Rantoul and Peoria Manual against East Peoria.

Herrin vs. Zeigler
Down south, Murphysboro's always powerful Red Devils tangle with Harrisburg. Murphysboro's new coach, Bob Colborn, has his work cut out for him since the Red Devils under their last two coaches have piled up a great record of 83 victories, 7 ties and only 11 losses.

In other top southern Illinois contests, Herrin's South Seven Conference champion Tigers start the season against Zeigler; North Egypt title holder Lawrenceville takes on Salem, which it edged for the crown last year; and South-west Egyptian co-champion Carbondale meets West Frankfort.

Pana's Panthers, 1955 Midstate loop champions and undefeated and untied in nine games last season, go after No. 10 in a row against Bend at Bend.

Eastern Illinois champion Charleston, which posted a record of eight wins and one tie last year, opens the 1956 campaign at Oakland.

Bradley at Pontiac
The Pontiac Indians, second place finishers in the Corn Belt Conference last year, meet Bradley at Pontiac.

Three members of the Big Eight Conference go outside the state for their openers. Rockford East meets Beloit, Wis., Rockford West plays Janesville, Wis., and Freeport's Pretzels take on Dubuque, Iowa.

Aurora West and La Salle-Peru stay in Illinois, Aurora West against De Kalb's Barbs, and La Salle against Ottawa.

Other top games pit Peoria Spalding against home city foe Limestone, Decatur St. Teresa against the Taylorville Tornados, Beardstown against Carthage, Carmi against Benton, Flora against Centralia, Litchfield against Carlinville's Purple Panthers, Collinsville against Gillespie, and Edwardsville against Granite City.

ley at Pontiac. Washington, a new and strong member of the Corn Belt loop, tests itself against Dixon.

Thomson Fined For Bone-Head Play

PHILADELPHIA (AP) — Bobby Thomson's futile attempt to steal home during the Milwaukee Braves 8-7 victory over the Brooklyn Dodgers Wednesday cost the 32-year-old outfielder \$100.

Manager Fred Haney revealed after the game that he had fined Thomson for "a real bone head play."

Thomson attempted to steal home with the bases filled, two out and pinchhitter Chuck Tanner at the plate in the eighth inning. The Braves had just gone ahead, 8-7.

Braves Win Big One from Dodgers, Face Double Test With Phils; Reds Lose, 8-0

By United Press
There's no rest today for the Milwaukee Braves who find their season-long "jinx team" the next obstacle in the rocky road to the National League flag.

Relieved, but hardly fresh, after Wednesday's pressure-filled, 8-7 triumph over the Brooklyn Dodgers, the Braves have another "toughie" in a two-night double-header with the Philadelphia Phillies. The fifth-place Phillies have a 10-8 edge over the Braves and are the only team in the circuit with a chance to beat them in their season series.

A sweep would boost the Braves' lead to two games, a split would leave them six percentage points in front and a double loss would enable the idle Brooklyn Dodgers to take over the top rung undisputedly for the first time since April 28.

Warren Spahn is slated to try for the 200th victory of his career in one game with rookie Bob Trowbridge (3-1) going in the other for the Braves. For the Phillies, Robbin Roberts and Jack Meyer are slated to hurl with Roberts gunning for his 18th win.

Three Share Hero Roles
Bill Bruton, Bob Buhl and Joe Adcock shared the hero laurels when the Braves successfully met their biggest test of the season Wednesday. Bruton, who hit a triple in the first inning, knocked in the decisive run with a single in the eighth inning after an error by Danny O'Connell helped the Dodgers score three runs and produce a 7-7 tie.

Buhl, beaten by the Dodgers Tuesday night, received credit for his eighth victory of the season over them while Adcock whacked a two-run homer in the sixth that

put Milwaukee ahead, 6-4. It was Adcock's 13th of the season against Brooklyn — equalling the major league season mark.

The third-place Cincinnati Redlegs fell three games off the pace with only 15 to play when Johnny Antonelli hurled a three-hitter to give the New York Giants an 8-0 triumph. Homers by Jackie Brandt and Daryl Spencer helped Antonelli score his 16th win and hand Joe Nuxhall his 10th defeat.

Sam Jones struck out five and hurled a four-hitter as the Chicago Cubs defeated the Pittsburgh Pirates, 3-0, in the other NL game. Walt Moryn's seventh-inning homer snapped a scoreless tie and the Cubs added single runs in the eighth and ninth innings to seal Vern Law's 15th defeat.

Yank Lead Shaded

In the American League, the Kansas City Athletics defeated the New York Yankees, 7-4, and cut their lead to 10 games when the Cleveland Indians shaded the Baltimore Orioles, 2-1. Eddie Robinson and Lou Skizas homered for the Athletics, who kayoed Tom Sturdivant with five runs in the first two innings.

Early Wynn gained his 17th win of the season for the Indians and struck the decisive blow of the game when he hit a sixth-inning homer. Wynn yielded seven hits in 8 1-3 innings and Don Mossi came out of the bullpen in the ninth to wrap up matters.

Frank Sullivan pitched a five-hitter for his 13th win as the Boston Red Sox knocked the Chicago White Sox from third to fourth place with a 4-1 decision. Jackie Jensen hit his 19th homer to lead Boston's 11-hit attack.

Billy Hoelt won his 18th game when Harmon Killebrew's error with the bases filled in the ninth presented the Detroit Tigers with a 3-2 victory over the Washington Senators.

Looking at Sports

BY BILL MELTON

Oct. 12 is Columbus Day according to the calendar, but it is Homecoming Day in Saline county, according to football schedules recently released.

Centralia comes to Harrisburg for a football game Friday, Oct. 12, and that has been designated as Harrisburg's Homecoming game.

And at Eldorado, Carmi will come down for a visit and that has been set as Eldorado's Homecoming.

Cheerleaders at Eldorado high school have been elected. Girls elected to lead the cheering are—Varsity: Barbara McCallister, Sue Holbrook, Sue Hill, Rae Hill, Linda Raley and Linda Tison; "B": Lynda Irvin, Jane Barnett, Sue Scott, Judy Porter, Linda Flannigan and Brinda Flannigan.

Word from down Anna way is that the team will open the football season against Eldorado without the service of all-conference guard Ted Spurlock. Spurlock suffered a knee injury in practice and isn't expected to be ready when Eldorado visits Anna Friday night.

West Frankfort starts the 1956 football campaign with only three returning lettermen—Captain and tackle Lewis Westry, center Larry Yates and halfback J. R. Sears. Jim Lovin is the new head coach and is reported to be changing from the "T" formation, used at West Frankfort the past six years, to the single wing.

West Frankfort plays a ten-game schedule, closing out on Thanksgiving Day at Benton.

Three big guys who saw little or no action with Benton last year because of injuries are out to give the Ralph Davison-coached Rangers a lift in the 1956 grid campaign.

Dick Simpson, husky center and fine defensive player who has been plagued by knee injuries, is apparently set for this year.

Phil Bauer, hampered by a chronic back condition, seems to be healthy and ready to hold down an end spot.

Elvin Hewlett, lineman, was sick during the first semester of the 1955-56 school term, but now is hale and hearty and making a strong bid for a regular position.

Benton looks like a strong contender for South Seven honors with a veteran outfit. The team entertains Carmi Friday night.

Mt. Vernon's Rams should be powerful in the backfield department this season. Coach Nobel Thomas welcomed eight lettermen this season and five were ball carriers.

Tom Haller, 19-year-old sophomore quarterback from Lockport, may become the first nine-letterman at the University of Illinois since Dike Eddleman, in the opinion of Illini coaches.

"Haller is a great natural athlete," says Coach Ray Eliot, "and I believe he has the makings of a truly fine quarterback."

Similar sentiments about his ability in basketball and baseball are echoed by Coaches Harry Combes and Lee Eilbracht. Following football Haller will bid for a spot on the Illini cage team as a forward and next spring as a catcher on the baseball squad.

Babe Too Ill to Receive Award

GALVESTON, Tex. (AP) — Cancer-stricken Babe Didrikson Zaharias Wednesday was named the person who contributed "the nation's most outstanding service to cancer education and control."

But the famed athlete was too ill to receive the Public Health Cancer Association of America's top award. Instead, Dr. William S. Brummage, president of the association, presented it to George Zaharias, her husband, and the Babe's sister, Mrs. Lillie Grimes of Beaumont, Tex.

Fred Lamback of Rock Island will once again command the powerful car as he seeks revenge against the Detroit type racing conversion powered cars which outdistanced him in the Saline County Fair program of auto races. The Offenhausers have recently undergone an overhaul and appeared to be a faster machine as it captured a win in the feature race the second day at the Sac County Fairgrounds in Sac City, Iowa.

Eddie Critchlow, Hawkeye Champion from Ottumwa, Iowa, has entered his "Babaloos Special" big car in the seven event program of Speedway type Big Car auto races set for the fairgrounds in Harrisburg on Saturday night. At the present time he ranks fourth in point standings for the Mississippi Valley Championship Circuit. More than fifteen entries have already been received with race time expected to draw a total of twenty or more cars.

Paul Ambrose of Chicago, Illinois has filed an entry with the Officials of the Mississippi Valley Championship Circuit of Racing for the big car auto races at the Saline County Fairgrounds set for Saturday night. Separated Parents Drawn Together To Decide Removal of Child's Eye

ATLANTA, Ga. (AP)—A mother and a father, split over domestic problems, were drawn together today to ponder a dreadful decision—whether to order the removal of their child's only eye.

Johnny Pair, 5, had one of his eyes removed two years ago when doctors told his parents, Mr. and Mrs. Arnold Pair, that it was cancerous. A post-operative laboratory test confirmed the malignancy.

Now the doctors at Atlanta's Grady Hospital have told the parents the cancer is spreading and that little Johnny cannot live without the removal of the other eye.

Mr. and Mrs. Pair, separated

for the last three years, met with their minister and with doctors late Wednesday in an effort to reach a decision. The mother wanted to proceed with the surgery in hopes her son might live, although in lifelong darkness. The father wanted the boy to keep his eye as long as possible.

The problem remained unsettled today.

After their long consultation with Dr. F. Phinizy Calhoun Jr., professor of ophthalmology at Emory University school of medicine, the parents said they would think over their decision for a few days.

They said doctors told them a few more days would make no difference.

Talmadge Wins Nomination

ATLANTA (AP)—Herman Talmadge won a Democratic nomination to the U. S. Senate today with a 4-to-1 vote his father, "old Gene," would have envied.

Young Talmadge, former two-term governor and crowd-sweeper at 43, claimed the victory as a "mandate" showing the nation that Georgia will fight for school segregation.

His battle cry of "save the states' rights" won him a sweeping triumph over an old-time political foe, former acting Gov. M. E. Thompson, in a bid for the seat of retiring Sen. Walter F. George.

Returns from 1,320 of the state's 1,854 precincts gave Talmadge 387,083 popular votes and 390 indicated county unit votes to 93,084 popular votes for Thompson.

A total of 206 units was needed to win the nomination, which in turn assures election in Democratic Georgia. Since Thompson was not leading in any county he had not unit votes indicated.

No Legal Basis for Stengel Demand to Sue Hall, Castle Says

SPRINGFIELD, Ill. (AP)—Atty. Gen. Latham Castle today said there is no legal basis for a demand by Democrat Richard Stengel that the state file suit against Republican National Chairman Leonard Hall for recovery of about \$4,000 in state funds allegedly spent by former State Auditor Orville E. Hodge in behalf of the GOP.

Castle sent Stengel, the Democratic candidate for U. S. senator a telegram acknowledging receipt of Stengel's demand.

But Castle said the demand was "without merit" because "there is no foundation for a proceeding against" Hall "either in legal substance or in fact."

Castle said the state has already started legal proceedings to recover the money stolen by Hodge.

Stengel charged Hodge used stolen state money during the April Illinois primary to pay for radio announcements in behalf of President Eisenhower.
